“ I worked with Antoinette for many years on the board of the Friends of the Gloversville Library, and although we didn't see each other often afterwards, our friendship continued. She always had a moment to chat and would remember things that you had shared, and she was always a dedicated volunteer to our group, helping out in ways beyond the position she had volunteered for. I will remember her fondly, and send sincere condolences to the family.

“ I learned after the fact that Antoinette had passed. I also volunteered at Hospice. I live on Grand St. and Antoinette was kind enough to bring me custard when I was recuperating from throat cancer! Working side by side at Hospice was the place we met and really only saw each other there.

She was a a kind and thoughtful person. I am sorry to hear of her passing and truly did not know what happened to her after I saw her house was for sale. I also did not know how old she was and never would have guessed her to be 90.

May she rest in peace as one of God's favored Children.
