“ *The Spraker family will miss Don very much. We only got to know Don over the last couple of years. I will always remember Don as very caring and thoughtful. Well I should add patient too. When I would tell him I would be over to drop laundry or eggs or whatever then not show up for two days he never got mad. Sometimes if too much time would pass by from my call to bringing something....he would call me up always so sweet and ask "Is everything ok?" Not where is my stuff :) lol.*

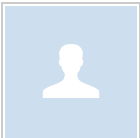

Don was always so thoughtful to ask about others and how are they doing. After my mom had surgery he always would ask how your mom doing, If I told him one of my kids were sick or injured he would always ask how they were doing are they better etc. Don was special in asking these questions because he truly cared to hear the answer. He is a good example of what "be kind first" looks like and being kind first is what makes our world a better place. I will miss our little visits. May Don rest peacefully, he will be missed by many. Condolences to the entire family. Sheri Spraker

“ I am so sorry to hear of Don's passing. He was such a gracious man. I have many memories from living across the street as a child and right around the corner as an adult. He always greeted me with a smile. My condolences to the entire family.
