“ It was wonderful seeing you, Paul, for our granddaughter Auraya's Confirmation this year in February. I know it was difficult for you to make the journey to Florida as you were in a lot of pain. However, being the selfless person you are it was something you wanted to be part of and Auraya and Eiva were happy as we all were that you were there. I watched you struggle and thought about how much you loved your granddaughters to be part of Auraya's celebration. You're a good man and I'm comforted in knowing you are no longer in pain and in a better place. Until we see you again...Regina

“ Mr Tinney. I will always remember your humor, simplicity, love of nature, and practicality. I will always remember one of the first times I met you. You made eggs, onions, and cream cheese breakfasts. As if that wasn't enough to fill your belly after running 17 miles that morning, you had to top it off with a spoon full of peanut butter! Only then did you feel complete! We will miss you here but happy you are home. You are the lucky one. See you later I hope. Shannon , once known as Shannon Tinney
