“ *A devoted husband, father and beyond phenomenal grandfather... My heart couldn’t be more grateful to have had you. Because of my father in-law, Larry (and Robin) I have been blessed with an amazing husband who has been undoubtedly influenced by the knowledge and talent my father in-law had to offer being a MASTER of meticulous and impressive carpentry work. My children have been blessed with a grandfather that not only made it a priority to spend time and make wonderful memories with them but teach them valuable lessons from swimming to bike riding and even gardening. I will always be grateful for you and we will speak of you often with fond memories and happiness... God holds you in his arms and we will hold you in our hearts forever... May you rest in peace we will be loving you and missing you ALWAYS*

Larry and I shared chats of our Navy times at Sylvia's but I always appreciated the help he gave Sylvia. When things needed done for her Larry amazed me with his ability to fix mechanical issues and that was a common interest.

Our family will remember and appreciate the care from Robin and Larry.
