“ I've had the wonderful privilege of getting to know Sean very well when he was working out a lot at the YMCA in Johnstown. I was also in Sean's algebra class at FMCC where he helped me become a football player for the colonials. Sean was a very knowledgeable guy and helped me with my personal knowledge with working out and how things are supposed to all work regarding the human body. Sean, may you rest in peace buddy as I know someday, we will be working out once again. Fly high man.
